 Meeting August 12

Interesting, disappointing, and not surprising.

Does LA County Public Health Solid Waste Management Program have any other authority or resources that can be incorporated into these efforts?

Thanks Bill.

Paul

See comment from LA Co LEA.

I spoke to Pete Oda, a supervisor with the Solid Waste Management Program with (LA Co Public Health)Environmental Health and he indicated he cannot issue a notice to clean up the solid waste at the Panda International facility due to not having regulatory authority of a facility that is not permitted by his section.

USEPA has approached CalEPA regarding collaborating on the management of the Fruitland Magnesium Fire site in Los Angeles.
